Bank of Commerce offers a special long-term

EDUCATION LOAN

The reason so many people are denied higher education is quite often a financial one. We at the Bank of Commerce realize that the cost of attending University has increased sharply over the past few years...

THUS WE ARE PLEASED TO OFFER THE BANK OF COMMERCE EDUCATION LOAN

This plan allows you to borrow an amount up to 80% of the four basic educational expenses—tuition, books, room and board and travel. When students take long courses, the total loan amount may be as high as \$8,000. Repayments are arranged through a flexible system of low monthly instalments of principal and interest. The period of

repayment may extend up to two years longer than the length of the course. Some repayment periods may be as long as eight years.

This Bank of Commerce Education Loan Plan is designed to help you help your child's future.

FREE BOOKLET

For information about the plan, call in at your nearest Commerce branch for the free booklet "Education Loan Plan" or write to 25 King Street West, Toronto 1, Ontario.

Address all communications to: POSTGRAD, ASSOCIATION OF ALUMNI, SIR GEORGE WILLIAMS UNIVERSITY, 1441 DRUMMOND ST., MONTREAL 25, QUEBEC. Members of the University were shocked to learn of the sudden death of William David Johnstone on September 4, in Ottawa. Known as Bill to several generations of Georgians Mr. Johnstone was a graduate in Arts in the Class of 1951. As an undergraduate he was active in a wide range of activities including chess, water polo, the Political Problems Club and the SCM. After graduation he served for several years as Youth Secretary of the St. Catharines, Ontario, YMCA.

After a period of postgraduate study in England including a year at the University of Manchester, Mr. Johnstone returned to Montreal and accepted an appointment at Sir George Williams University. His special relationship to evening students brought him in touch with a multitude of young people who were students during his term of office.

Mr. Johnstone had recently left Montreal and became a member of the staff of the Ottawa YMCA only a few days before his death. He leaves a wife, Joan, and two children to whom the whole University community offers its sincere sympathy. To many hundreds of young people Bill Johnstone was an example of sincere, kindly and dedicated manhood.

Manual Sent Overseas

BOOKLET CLEARS HURDLES FOR SGWU NEWCOMERS

Overseas students coming to Sir George Williams University this fall will feel like old hands around town.

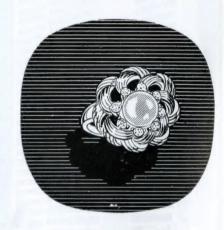

A bright, attractive booklet in the colors of the university has been sent to all prospective students from abroad to "answer some of the questions you may have before leaving home."

The booklet goes much further than merely answering "some questions." This 38-page, tightly-written manual covering subjects that range from acceptance into the university to "the many forms of entertainment in the second largest French-speaking city in the world."

The idea for this unique booklet originated with Joan Richardson, staff assistant in the Student Affairs Office. A former student herself, Miss Richardson refused to accept any personal credit. "It was the work of the whole committee."

THE EXECUTIVE DIRECTOR'S NOTEBOOK

Our thanks to Allan H. Tabac, B.Com. '60, for his note and cheque; also congratulations and best wishes on the occasion of his Paper Anniversary.

Happy to hear that:

Allan C. Kennedy, B.Com. '40, was recently appointed Personnel Manager, United Aircraft of Canada. He was previously Director of Industrial Relations for Thompson Products, St. Catharines, Ont.

and that:

C. Warren, B.A. '59, was appointed Manager, Organization Planning Dept., Imperial Tobacco Co., Montreal.

Had a very pleasant talk with Mrs. Esther Handelman, B.A. '62. This was in the process of looking for a 'lost grad'—Saul Handelman, B.A. '52. Discovered that Saul is her husband; he has his M.A. in English from McGill, also his B.C.L. and is now in the practice of Law on his own. The Handelmans had their third child recently—a girl.

A very special 'thank you' to Avis Renta-Car System of Canada for their very kind assistance to the undergrads of Sir George during their Winter Carnival this past year. Our friend Dan Presley, B.A. '56. is Marketing Manager, Head Office, Avis, Montreal.

Our congratulations and best wishes to two very good friends—Don E. Ayre, B.A. '54, former Director of Admissions, S.G.W.U., has accepted the position of Registrar at Lakehead University, Port Arthur, Ont. We'll miss you Don and our best to Wilma; and to M. G. (Mag) Flynn, B.Com. '49, who was just appointed Dean of Students at Sir George.

A double congrats for Glenn L. Wood, B.A. '45. Glenn is a member of the Board of Directors and was just appointed to the Board of Covenors of S.G.W.U. Also, he was appointed Principal of Bronx Park School in Ville LaSalle.

Just met John B. Frosst, Ph.C., Honourary Life Member S.G.W.U. Alumni, at a special showing of Metroscope, re graduation, at the C.B.C. studios. Delighted to meet you again—haven't seen you since the Banquet.

Heard from Michael Awada, B.A. '55,

B.C.L. '56, who was admitted to the Bar in '57. Mike was married in '62 and has no children yet but is expecting. He is practising Law with another good Georgian, George Bey, B.A. '55. Our best to both of you.

Jim McBride, B.A. '59, Registrar of Acadia University, was in town recently. Sorry I missed your call Jim, please call again. The cokes will be on me.

Congrats to Reg Gates, B.A. '58, re his appointment as Registrar of Mount Allison University. Also our best to Heather, B.A. '59.

Delighted to meet Jim Hawkes, B.A. '57, for a few minutes recently. Jim had been lost but is now back on our list as Director of Personnel Services for Mount Royal Junior College, Calgary, Alberta. Congrats Jim.

Very nice to meet Henry Verdier, B.Sc. 48, at the Annual Meeting. Henry is President of Ottawa Chapter and is an Ottawa Manufacturer's Representative, providing technical and sales representation to manufacturers out of easy access to Canadian and Foreign Government offices.

BANQUE GANADIENNE NATIONALE

606 BUREAUX AU CANADA

NOTEBOOK (Continued from page 7)

MRS. RITA DUBEAU PHILLIPS, B.Com. '59, is one of the very few women in management training for a Canadian Life Insurance Company. Last year she sold enough Life Insurance to qualify for membership in the Women Leaders Round Table, Women's equivalent of the Million Dollar Round Table.

JOSEPH B. STOVEL, B.A. '64, and his bride, the former Nora Olive Foster, are off to England for further study. The Bride is a grad of McGill and both won gold medals in English.

WILLIAM H. COOKMAN, B.Com. '64, is continuing his work with Dale and Company of Montreal.

DR. ERNEST STABLER, former Headmaster of Sir George Williams High School and later Assistant Dean of S.G.W.U., has been appointed Educational Planning Officer for the Education Commission of Kenya. He is presently (at this writing) Chairman of the Master of Arts in Teaching Programme at Wesleyan University, Middletown, Connecticut.

An interesting letter from STANLEY

WEINSTEIN, who is now living in Southern California and is presently on the Management Development Training Program of the Security First National Bank, Compton, California. Best wishes Stan and thanks.

A most welcome letter and cheque from R.C.A.F. Sgt. T. G. SEWELL, Associate in Science, our sincere thanks.

Thank you Mrs. ANNA STUHL, née SCHWARTZMAN, B.Sc. '45, for your letter and cheques. After leaving Sir George, Mrs. Stuhl was graduated from Rutgers with an M.L.S. '59. At present she is in charge of the Monmouth County, N.J., extension library. If the people cannot go to the library, the library goes to the people, a wonderful idea.

Congratulations to BRIAN HAROLD ASH, B.A. '60. Brian was graduated from the University of Vermont with an M.A. in teaching.

BENJAMIN SCHLESINGER, B.A. '51, Ph.D., is presently Assistant Professor of Social Work at the University of Toronto. He is the father of 16-month old twins and a 3-year old. He has one book published "The Multi-Problem Family",

by the University of Toronto Press and is working on another, "Parents Without Partners." Thanks for the letter Ben and belated congratulations and good wishes.

Our apologies to STANLEY CYTRYN-BAUM, B.A. '56, for confusing him with his cousin, also a Grad. Stanley was graduated from McGill in Law in 1959 and was admitted to the Bar of the Province of Quebec in 1960 and is now a member of the firm of Bell & Cytrynbaum. Thanks for the note Stanley and our best wishes.

MISS FLO YAFFE, B.A. '61, Social Chairman of the Grad Class of '61 and according to the Year Book was also Sub-Chairman of the—!! Dating Club?, dropped in to say hello and leave some money for the building fund. Her own and some she collected at a Liberal Party of non-grad friends. At present she is living in Ottawa and is on the personal staff of the Minister of Public Works.

GUY GILLES GAUTHIER, B.A. '62, winner of the Villard prize for French at Sir George has been appointed to the Faculty of Brock University as lecturer in French.

CITY AND DISTRICT SAVINGS BANK

The Bank That Gives You Extra Time To Save Money

NORMAN H. BONSOR, B.A. '50, has been appointed to the Advertising sales staff of the Financial Time of Canada.

BILL HARWOOD, B.Sc. '62, has been appointed Sales Representative, welding rods, for Stelco. His territory will encompass Ontario and Quebec.

Congratulations PETER F. BROWN, B.Com. '63, and Miss Carole Jo-Ann Hall, the marriage has been arranged to take place in early October.

PETER ROYLE, B.A. '61, recently returned from a trip to England where he had attended a Summer Seminar at Oxford and other cultural centres. He was one of a group of Quebec Teachers who were awarded English Speaking Union Scholarships.

D. A. REED, B.Com. '56, appointed Secretary Treasurer of British Motor Corporation of Canada Ltd.

S. BOISVERT, B.A. '56, B.Com. '62, teacher of English and History of Shawville High School.

LEONARD C. SKINNER, B.Com. '55, has been appointed Secretary-Treasurer and Comptroller of Cassidy's Ltd. WILLIAM B. FLEMMING, B.A. '51 has been named to fill the new post of Education Officer in charge of the study of vocational and technical training for the West Island School Commission.

A very welcome note from ROBERT H. JONES, B.A. '64, He is now teaching History, English and Guidance at South Grenville District High School, Prescott, Ontario. He mentions that during Teachers Training Course at Queen's he met KEITH CLARK, B.A., B.Sc. '64, who is now in Cochrane and KEN CURRIE, B.A. '64, who is now in Timmins. Our Thanks and best wishes Bob.

Postgrad editor STANLEY ASHER, (B.A. '53) beginning his third season of documentary programs for CFCF-FM (Radio McGill); this year, "Portrait," a sound picture of our times, with documentary material based on letters and diaries of people famous and little-known. Stan also lectures for the Université de Montréal's English extension department, along with fellow-Georgian ALLAN THAW (Arts '58).

MAURICE POTEET, GEORGIAN editor a couple of seasons back, now in the Université de Montréal's English Department, working towards a graduate degree. Another U. of M. lecturer is CHARLES PODLONE, Arts '49.

BERNARD OLIVER, Arts '53, a science specialist at Malcolm Campbell High School in Montreal, and wife Shirley, proud parents of son Steven, now 10 months young.

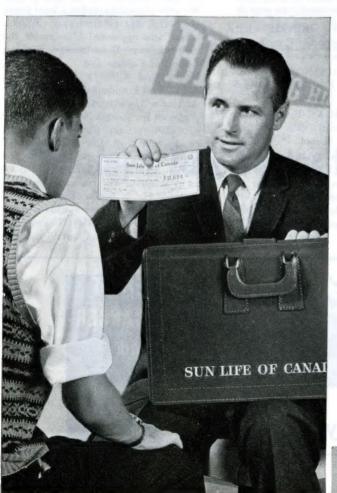

Sorry to be away when Rev. RODNEY BOOTH, B.A. '54, B.D., dropped in on his way to a United Church conference in Newfoundland. He is with the United Church of Canada in East Trail, B.C.

DONALD LEBOVITZ, B.Com. '57, was recently appointed Vice President and General Manager of G. T. Armstrong & Sons Ltd., Sherbrooke, Quebec.

Happy to find Mrs. DOROTHY LOGAN, (née Playfair) B.A. '57. She recently had a son Ian, her first and is living in Chomedey.

MISSIE AVEY, B.A. '63, is now Mrs. Steve Hegyes and is living and teaching in Pointe Claire, Quebec.

(Continued on page 10)

"Here is \$\ \mathbb{L}\ \mathbb{L}\ \mathbb{C} \ \mathbb{E} \mathbb{

now you can go to college."

A frightening figure, you'll agree, but it is also a conservative one. Your son or daughter will thank you and you will thank the Sun Life for guaranteeing your child the needed funds for a college education.

The financial means to educate your children should be provided for NOW. With a Sun Life *Educational Endowment Policy*, your son or daughter will be guaranteed funds for college — even if you should die in the meantime.

Why not consult the Sun Life representative in your neighbourhood for further details. You won't regret it.

*an estimate of college costs in the 'seventies

MACHINES SIMPLIFY OPENING-DAY CHORES

SGWU's Push-button Registration

Automation Shatters Campus Queues

Automation has shattered the traditional student registration queue — at Sir George Williams University, at least.

Thanks to a battery of labor-saving machines, the traditional sidewalk-blocking lineup around the Drummond-Stanley streets campus will be gone this year.

For, where once the budding scholar was required to print his name (surname first, please) 15 times on 15 different registration forms directed to 15 different university officials, now he writes it only once.

Machines do the rest — or almost. The student still has to pay his fees.

And class cards are still obtained manually from their pigeon holes along the front of Birks Hall. Thus, when a class limited to 35 students is confronted with applicant number 36, the signal is an empty wall rack — not a series of whistles, flashing lights and other wordly sounds.

It's not long since those determined to pass through the academic portals of SGWU would get a free walking tour — sometimes twice around — of that area of midtown Montreal bounded by St. Catherine, Drummond and Stanley streets and Burnside avenue.

Now the registration line ends at the university door.

The Sir George student now may spend as much time registering as he formerly did. But he spends it more profitably, according to Donald L. Peets, university registrar.

The time-saving that automation has produced has freed dozens of faculty advisers from mountains of uninspiring paper work. It enables them to spend more time counselling students.

University officials think the new system is appreciated by SGWU students. They know it is appreciated by the faculty, who now can do the job intended for them.

The school is uncertain whether the procedure marks a first in Canada, but it has drawn observers from other universities.

SIR GEORGE JOINS CUSO

Sir George Williams University has decided to join the Canadian University Service Overseas.

The purpose of C.U.S.O. is to coordinate, develop, and promote opportunities for Canadian graduates to do overseas service.

In charge of this program are: Dr. Hall, Chairman; Assistant Professor Lamb, Faculty Representative; Joanne Fyfe, Student Body Representative; Miss Janet Smith, Secretary; and Mr. Jack Skene, Administration Representative.

CUSO gives many graduates the opportunity to serve for a period of time in other countries. It also provides a national office through which requests for such services may be channeled.

At Sir George Williams University, as with several other Canadian universities, a local committee has been formed representing the administration faculty and students. This is not solely a faculty organization as students must take the main initiative for CUSO programs. By doing this, CUSO will become a dynamic organization at Sir George.

NOTEBOOK (Continued from page 9)

ALEXANDER W. DONALDSON, B.A. '52, has been appointed Principal of Cedar Park Elementary School.

CHARLES O. BUCKINGHAM, B.A. '58, has been named First Vice Principal of John Rennie High School.

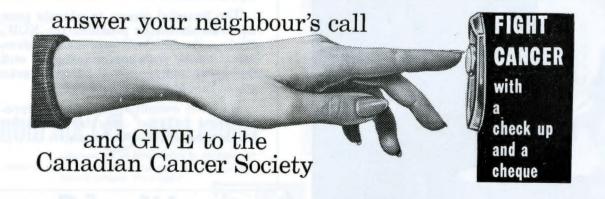

ROBERT E. BARRAS, B.A. '58, has been appointed Second Vice Principal of John Rennie High School.

Received word from Washington University that LILLIAN OVERLAND, B.Sc. '48, has received her Doctor of Philosophy in Botany. The title of her Thesis was "The Role of Allelopathic Substances in the 'Smother Crop' Barley." Congratulations.

We were pleased to read in a local paper that JOHN M. GARDINER, B.Com. '51, has been appointed Manager of the Textile Fibres Department of Dow Chemical of Canada Ltd.

Heard that GERRY B. MILLER, B.A. '53, Past President of the Association of Alumni will be attending the University of Vermont for postgraduate study in the field of History. Gerry was recently elected Vice President of the Association of History teachers, Quebec.

JIM B. SAMSON, B.Com. '58, M.B.A., lives in Montreal with his wife Marie and two sons. He is Senior Engineer with Canadair Ltd. and also spends a great deal of time in North Hatley. Nice meeting you Jim. (Continued on page 12)

DR. HALL VISITS TORONTO ALUMNI CHAPTER PLANS UNDERWAY

Many Queen City Alumni found that an informal dessert and coffee party among old friends a very pleasant way to spend a summer's evening. This was the scene when Dr. Hall, University Principal Emeritus recently met with Toronto Alumni to launch that city's Alumni drive for the present capital funds.

Host RICK BRATKOWSKI ('61) welcomed Alumni, husbands, wives and friends to get together held in the Library of the new Y.M.C.A. National Council building on Yonge Street. Dr. Hall was introduced by MRS. MURIEL TEAGER ('41) and old personal friend and thanked by GORDON PATRICK ('43). KEN MacKERACHER ('54) chairman of the Toronto campaign briefly outlined the nature of the proposed operation and made an appeal for canvassers.

Among those attending were BILL VOADEN ('53) now a laboratory technician; EARL SLONE ('59) manager of a department in a retail store; COLIN CAMPBELL ('59) an assistant personnel manager in business, LEN ROSENBERG ('49) and his wife Dody; Len is a chartered accountant and in business for himself in Aurora, Ontario, and AL LENNOX ('61) who is with H. V. Chapman and Associates, personnel placement.

MRS. MURIEL TEAGER ('41) now

with a grown up family is a librarian, MRS. KAY STANIFORTH ('45) was there with husband Haig; MURRAY SHANTZ ('43) is with Training and Development Department of the Y.M. C.A.'s National Council, and HARRY WILLIAMS ('54) is an insurance underwriter with the Travellers Company.

GEORGE ALEVIZAKIS ('55) reports that he is an office manager in Toronto; IAN DAVIDSON ('55) is a chemist with a Toronto firm; KEN MacKERACHER ('54) is a Y.M.C.A. Branch Executive Secretary; RICK BRATKOWSKI ('61) is with a pharmaceutical firm and on the road quite a bit. TONY MORTON ('55) made the scene as did TOM THORTON ('59) and his wife Sharon. Tom is presently with a film processing and finds himself travelling abroad a great deal of the time. GORD PATRICK ('43) is with the Ontario Alcoholism and Drug Addiction Research Foundation. VERNON BUNYON ('41) who now lives in Port Credit was in attendance with his wife.

Among other Ontario based Georgians that were heard from were: BASIL SPURR ('46) a pension consultant, KEN BALCHIN ('62) a secondary school teacher, BOB NESBITT ('59), director of Camp Wangoma, one of the Toronto Y.M.C.A. resident camps; PETER ZIE-GLER ('44) a chemist; CHRIS McFAR-LAND ('51) former Editor of "The Georgian" and now North American Public Relations Manager for Massey-Ferguson; RON EDWARDS ('52) director of Camp Norval, another Toronto Y.M.C.A. resident camp.

GUS OKI ('52) is with the Ontario Alcoholism and Drug Addiction Research Foundation; ED WHITE ('61) is boys' and camp director of the North Toronto

(Continued on page 16)

"To-day's Talk Begins With To-day's Gazette"

ADMINISTRATION PROMOTIONS ANNOUNCED

Principal and Vice-Chancellor Robert Canon Rae has announced a number of administrative promotions for the coming academic year.

Mr. Magnus Flynn, Assistant Dean of Students since 1956, has been promoted to Dean of Students, Miss Mona Osborne to Assistant Registrar, Mr. Tom Swift to Assistant Director of Admission. Mr. Ron McCarthy to Assistant to the Registrar, and Mr. F. W. Denton to Assistant Director, Guidance and services.

Dean Flynn, a graduate of Sir George, was President of the Students' Undergraduate Society from 1947-1949. He was Coach of the basketball team from 1950-1962, and was one of the founders of the Ottawa-St. Lawrence Intercollegiate Athletic Association.

Principal Rae also disclosed that the position of Controller has been created for the first time in the University, to which Mr. Henry G. Worrell has been appointed Mr. Worrell, another graduate of this University, formerly occupied the position of Bursar.

Professor Lewis Greer has been named

Dean of Commerce. A native of Saskatchewan, the new dean received his B. Com. from the University of Saskatchewan in 1948 and his MBA from the University of Chicago the following year. Before joining the staff of SGWU he was Associate Professor of Administration at the College of Commerce, University of Saskatchewan.

John Russell Ufford, Associate Professor of Chemistry, has been promoted to Professor of Chemistry and will be Chairman of the Chemistry Department for the next three years.

Other promotions announced include Asst. Prof. Harry Clinch to Assoc. Prof. of Geography, Asst. Prof. Hubert Guindon to Assoc. Prof. of Sociology, Asst. Prof. Elizabeth MacLean to Assoc. Prof. of English, Asst. Prof. Alfred Pinsky to Assoc. Prof. of Fine Arts, and Asst. Prof. Boyd Sinyard to Assoc. Prof. of Religion.

The following lecturers have been named Assistant Professors: Mr. Michael Brian (English), Dr. Annamaria Ketter (German), Mr. Gilbert Taggart (French), Mr. Harold Angell (Political Science), Mr. Stephen Scheinberg (History), Mrs. K. K. Anand (Mathematics), Mr. Graham Martin (Engineering), Mr. R. A. Fraser (Political Science), Mr. A. Sproule (Applied Social Science).

NOTEBOOK (Continued from page 10)

MRS. EDITH M. NAVES, née Mannard, B.Sc. '50, will be moving to Brantford shortly with her husband Bill and two children. Mr. Naves has been named President of Kirkwood Commutators and are building a new plant in Brantford.

Heard of JACK HIRSBERG, B.A. '38, through Dr. Hall. Jack is living in Sherman Oaks, California. He has a son in final year at High School and a daughter entering her Junior year at College. Thanks for the cheque Jack.

To the MEL ZWAIGS, B.Com. '59, C.A., a son, born in June. Congrats.

Very pleasant visit from JOSEPH CLARE, B.A. '55, B.Com. '56, L.L.B., University of British Columbia, '59. He is practising law in Vancouver with the D.V.A. He lives with his wife Helen and daughter Malanie, 8, in Vancouver. Thanks for the cheque and pledge.

MY BANK Day

Day by day...

From generation to generation, Canadians have put their trust in the Bank of Montreal. Today, more than three million people from coast to coast call the B of M "MY BANK".

BANK OF MONTREAL

Canada's First Bank

SD329 (HP)

LOCAL PRESS PREPARING STUDENT POET ANTHOLOGY

Sheridan-Kent Press is presently engaged in preparing a multi-volume anthology of university student poetry. It is intended to represent the widest possible cross-section of student poetry ever assembled in one collection. The format of the anthology is tentatively planned as a sixteen volume collection with one volume being released every two weeks, beginning, in January. It is hoped that every major university and college in the United States and Canada will be adequately represented.

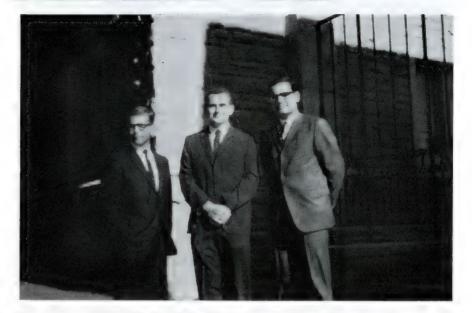

There is no limit to the number of poems any poet may submit. Along with the work, the poet should enclose a short autobiographical note, mentioning the school at which he (she) is registered. A self-addressed envelope and postage should also be enclosed. The poems should be sent to: M. David Lewis, Editor, c/o 1093 MacDonald Ave., Chomedey, Quebec.

Whenever possible, editorial comment will be made on the poems submitted. The deadline for entries is October 31, 1964.

U.W.O. HOST TO PRINCIPAL RAE

Several Alumni Hold Reunion

London and area Alumni of SGWU met Principal Rae on his recent trip to the University of Western Ontario to attend the Commonwealth Canadian and American Universities Joint Conference. Left to Right: MICHEL DESAULNIER, B. Com. '64, MILAN MORAVEC, B.Com. '61, M.B.A. and PIERRE LESPE-RANCE, B.Com. '64. Michel and Pierre are 1st year graduate students and Milan is a member of the faculty of the School of Business Administration, University of Western Ontario.

Message from the Minister of Education

MAXIMUM DEVELOPMENT OF OUR RESOURCES, HUMAN AND MATERIAL

The policies that the Government of Québec has undertaken in many and various fields of endeavour can all be grouped under one slogan: maximum development of our resources, human and material.

These policies of development, it is clear in the mind of the government, are to be carried out fully within the setting of the Canadian Confederation: a dynamic Québec in a dynamic Canada.

I believe, however, that the text of the constitution and the actual functioning of our federal system can and must be adjusted to new social and economic realities.

In this new Québec which we are in the process of making, the Cité des Jeunes of Vaudreuil appears as a significant project. This educational complex is unique in two ways. First, it includes schools and trainings which are the first of their type not only in Québec, but in many respects, in the whole of Canada.

This Cité des Jeunes is also unique in a second and most important respect. It is intended both to serve as a regional cultural center for the adult population and as an integrated high school and technical school complex, offering to our youth, on a single campus, the widest range of educational options required to allow students to choose the type of education and training most suited to their abilities.

Paul Gérin-Lajoie

(Excerpts from a speech delivered on May 28th at La Cité des Jeunes de Vaudreuil, before a group of businessmen and industrialists.)

CONCERT SERIES AT SGWU TO FEATURE MUSIC AND DRAMA

It's no news to anyone that Sir George Williams University is now in a stage of dynamic growth. Registration has increased. A new building is being constructed. The University will soon operate on a post-graduate level and honours programmes are being extended.

It is fitting that this year of progressive activity will be the first in which a major Programme of the Performing Arts will be offered to students, staff and faculty.

A faculty Committee has undertaken this ambitious project. Indeed, no other university in the province will offer anything quite like SGWU's series of Music and Drama.

Most significantly, the entertainment will be of the highest calibre. The world renowned Julliard String Quartet will be on one programme and performers from the Stratford, Ontario Shakespeare Company will appear on another. The Canadian Players will present their production of Len Peterson's satirical comedy All About Us, a work that has been compared to the British Hollow Crown, which, by the way, will be presented on the American CBS television network this fall. The energetic and brilliant young director John Hirsch directed All About Us.

All eight presentations will be of this quality, beginning with pianist Marek Jablonski's appearance on October second. Any one of the evenings at the series would cost an average of four to six dollars at the Place des Arts or Comédie Canadienne thus it is not hyperbole to use the word incredible to apply to the Subscription price of \$10 for all eight performances. This works out to a little more than one dollar per event. Tickets can only be purchased on the subscription basis — either the entire series of eight or none.

Anyone worried about the possibility of other commitments on performance nights need not be. The tickets are transferable and can be sold or given (by particularly generous types) to friends.

The February 13th performance will feature the unique Percussion de Paris group. They work entirely with percussion instruments ranging from xylophone to glockenspiel to bongos. They have performed all over Europe, have made television appearances and will do a film score for Anthony Quinn.

The Percussion de Paris made its first appearance in Canada last year to amazed and electrified audiences. The word "fireworks" has been used to describe their provocative sound.

Over ten thousand students have registered in the Day and Evening Divisions at SGWU this year and there are only about four hundred available seats in Birks Hall for this remarkable series. They will, of course, be sold on a first come first serve basis. Therefore anyone planning to buy a Subscription Book should visit the Bursar's office as soon as possible. This will eliminate the inevitability of a great deal of self-cursing and regret.

With the compliments of

National Bag

NOTEBOOK (Continued from page 12)

Congrats to TED LANDE, B.Com. '58, Chairman of the Alumni Division of the Building Fund Campaign. Ted was recently elected to the Board of Directors of the Beneficial Finance Co. of Canada.

LEONARD BLANSHAY, B.Sc. '61, is attending the Business Administration Course at Harvard University Graduate School of Business Administration.

Delighted to see PETER E. PITSI-LADIS, B.Com. '58, M.B.A., University of Western Ontario, former Vice President of the Board of Directors of the Association of Alumni in town for a few days, dropped in to say Hello. Peter will be leaving very soon for Calgary to take up a teaching appointment at the Mount Royal College, Alberta.

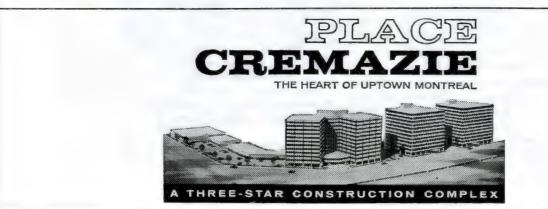

MALCOLM K. MOORE, B.Sc. '50, is Department Chief, Engineering Drafting and Quality Control, with Northern Electric Co. He is also a member of the Montreal section of the American Society for Quality Control. We understand that he married the Principal's Secretary.

EVANGELOS HADJIS, B.A. '63, is studying law at the University of Montreal. He hopes to graduate in '65.

H. S. (Stu) McEVOY, B.Com. '57, M.B.A., University of Western Ontario, has been appointed Advertising Supervisor of Alcan, Montreal. Stu was a former Vice President of the Association of Alumni — Best wishes Stu.

ROY H. VINING, B.Sc. '48, B.Com. '51, dropped in to say hello. Roy had been on our lost list for some time. Happy to have you back. He was with Dupont in Toronto for several years and is now in Philadelphia with Dupont in color research. He is married with four children.

EDITORIAL

Only 20 percent covered

"If the remaining 80% of the cards are reported in the same measure as the first 20%, we will go over the top," said Ted Lande, Chairman of the Alumni Division of the Building Campaign. He expressed disappointment that so many cards are still outstanding and urged that canvassers do their best to finish their job as quickly as possible.

"The Alumni goal of \$150,000 will be difficult to achieve with only \$55,000 pledged," Ted continued. "Every alumnus stands to gain in stature with the expansion of Sir George Williams University and every alumnus should be prepared to help in achieving success." Mr. Lande said that a large number of alumni are not only giving money but contributing many hours of work in contacting contributors.

"The only way we can be successful is for every one to do his share," Mr. Lande commented.

"The body of custom, convention, and 'reputable' standards exercises such an oppressive effect on creative minds that new developments in a field often originate outside the area of respectable practice."

 JOHN W. GARDNER, President, Carnegie Corporation of New York.

REGISTRATION CLIMBS TO NEW HIGH

As usual, the annual head-counting at SGWU, that takes place after the hectic weeks of registration in September of each year, revealed that figures for last year's student body have once again been topped. Almost twelve thousand students, an increase of 1261 from last year, are registered in the Day and Evening divisions of the University.

Another 3500 students, here representing a slight decrease, have been counted in the Elementary, Business, Art, and Retailing Schools.

A glance at the statistics released for October 1, 1964, by Mona Osborne, Assistant Registrar, shows that the Dayto-Evening ratio remains about the same each year. This year, 3475 Day students and 8479 Evening students make up the totals, maintaining the ½ to ¾ ratio or recent years.

A breakdown of faculty registration shows about 1700 Arts students, 750 Science, almost 800 Commerce, and 230 Engineering, representing in each case almost a 10% increase.

As usual, the largest single body is that of Evening Arts Freshmen, 1426 this year.

NEED FOR NEW BU MORE URGENT

MONEY TALKS
(by Nicholas Grycan, President of

Association of Alumni)

An offensive thought? Perhaps, but let's examine our situation before we judge too harshly.

Suppose we take an assortment of money, say \$150,000.00, (our objective) for the Henry F. Hall Building Campaign) and place it in a visible pile and listen. You're right, apart from the normal sundry noises within earshot we hear no sound from the pile of money. It doesn't talk. Rearrange the money in any pile, under all circumstances and no sound will come forth from it.

Take a group of business men, seat them at a conference table and make them aware of an intolerable situation at a modern university (Sir George Williams University) where classes are overcrowded, suitable applicants are turned away and facilities for post graduate studies are completely inadequate. Discussion ensues and very early in the discussion there is mention of money. You're right again. Money doesn't talk but people start to talk about money. What is needed for the next ten years?

BUILDING BECOMES NT EACH YEAR

How much will it cost? How can we get the money?

Plans are made; costs are determined, and sources of money are suggested. Those who have a keen interest in the status and well being of the university (the Association of Alumni) will surely help in an exemplary manner. The campaign target is set in line with the needs and it is decided that the exemplary group (Alumni) will contribute as never before, say \$150,000.00. That is a lot of money for only 6000 graduates but spread over an extended period, say five years, it comes well within the realms of possibility.

As it appears that the money can be obtained a general contractor is hired to start erecting the physical facilities which will improve class room conditions, enable the university (Sir George) to enroll more students and provide to some extent for post graduate work. The contractor brings his shovel, dynamite, workers, etc., and for the first time we hear some sound from the money. It begins to speak. It says to the community that the Association of Alumni is helping to extend the physical plant of the university (Sir George). The graduates have learned the value of higher education and are anxious that as many young Canadians as possible, as well as students from outside Canada, are provided with an opportunity to attend Sir George Williams University.

The activity and sound that the money has created is seen, heard and appreciated by the administrators, faculty and staff of the university. It says to them that former students have thought highly of their experience at Sir George and are willing to back the university's aims and purpose with money. Some graduates even offer their time, as well as money, to contact other graduates to assure success of the financial campaign. After all, the building will be named after one of the most revered and loved educators of the Sir George "family", Henry F. Hall, and every graduate has had his or her life enriched because of their association with such a leader. (Continued on page 21)

MANY NEW FACILITIES PLANNED FOR NEW BUILDING

The fortunate freshman of 1964 will spend half his under-graduate years in a modern ten-storey complex on Burnside Street. He will probably come to lectures by subway each morning, take an elevator to his class on the eighth floor, ride an escalator down to his fourth floor class, than walk up a floor to the cafeteria for lunch. He will study awhile in the science library and then ride down to the basement for his lab.

The ground-breaking ceremony last April laid the foundation for a new era in the history of Sir George Williams University.

The university originally began in the Drummond Street YMCA and in 1956 acquired the six storey Norris building, planned to hold 1,200 students. The freshman class of 1694 contains 1,075 students. Total enrollment in the day division of the university this year is 3,450.

The new building, to be ready for September 1966, will have five times as much space as the Norris Building. However, registration in the day division will not exceed 5,000 and in the evening 10,000. Students familiar with the overcrowded conditions in the present building will appreciate the comfortable settings planned for 1966.

The present six floors of classroom space in the annex will not be utilized. The Norris Building will be used mainly for library and high school facilities.

The proposed building will be known as the Henry F. Hall Building after the Principal Emeritus of Sir George.

A post-graduate program is planned as well as the enlargement of the engineering faculty, which will offer a full degree course.

Located on Burnside Street, from Bishop to Mackay, the building is cube-shaped and will be completely air conditioned. Estimated cost is \$23,900,000 of which seven million is to be raised by public campaign. The provincial government is contributing over 15 and one half million dollars and Canada Council and other grants have netted over one hundred thousand dollars.

Proposed subway stations at Guy, Stanley, and Burnside Streets will provide easy accessibility to the Hall building. Director of Development for the University, Mr. J. P. Pétolas, said that there is parking for about sixty cars. He pointed out that this would not even be adequate for the faculty members.

Mr. Pétolas said the Hall Building is unique because of its size and complexity

It is, he said, probably "one of the largest single universities under construction today."

Teaching facilities

Classrooms will be equipped with rear view projectors operated by remote control from the instructor's desk. Slides, movies, and television will be shown with sufficient light in the room or auditorium for the student to write.

The communication center, to be located in the basement, will link many classrooms by closed circuit television. A professionally designed theatre will also be part of the center.

The Hall Building will house a computer center, psychology and sociology labs, a language lab, fine arts studios, besides the usual biology, chemistry, physics and engineering labs.

Nearly one-third the cost of the project is invested in mechanical, electrical, and air-conditioning equipment.

Student facilities

Probably the popular feature of the new building will be the fifth floor cafeteria. Midway in the university structure, its location was planned to prevent long vertical trips.

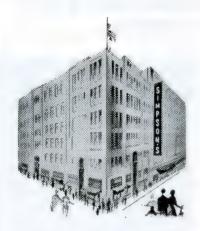

Library facilities in the Hall Building will include a science library of 30,000 volumes and a freshman library of 20,000 volumes. Reading rooms are planned for each floor. The main portion of the library will remain in the Norris Building.

Student areas will include lounges, club rooms, and meeting rooms.

BOOKLET (Continued from page 6)

It gives detailed information about student traditions, expenditures, housing, currency transfer, transportation, clothing and the differences in electrical voltage among other things.

At present there are some 318 overseas students from 27 countries at SGWU and another 75 to 100 are expected this fall.

Hello there!

Hello there! My name is Monique Crane -

your Crane colour consultant in Montreal. I'd like to invite you to Crane's showrooms to see the decorating ideas I've worked out on Crane's dramatic '64 colours.
I've co-ordinated Nile Green, Aquamarine, Desert Sand and Lavender through Crane's graceful fixtures — to wall-paper, tiling and accessories. The results are just too exciting for words. Why don't you call in and see them — and me — at 1170 Beaver Hall Square?
I'd be delighted to personally colour co-ordinate a Crane fashion bathroom just for

your personality and your home.

SGWU GEOGRAPHY UNIT GROWS IN SIGNIFICANCE

Sir George Williams University's geography department has grown in less than a decade to one of the most important of its kind in Canada. Its success will be measured not at the university level, but in the city's elementary and high schools.

That is the view of the department chairman, Prof. Harry Clinch. He began the department in 1955, teaching all of the one and one-half courses offered — in the evening division. Today he heads an eightmember teaching staff that gives 15 courses, day and evening, and claims one of the best undergraduate programs in the country. And plans are being formulated for an honor's course, possibly beginning next January.

About 150 of the 803 students enrolled in the department's courses this term are majors. "It is probably a record in Canada," Prof. Clinch said in an interview. Many of the students are themselves teachers in the city's schools. What they teach is going to reflect what they have learned at SGWU, Prof. Clinch said.

He said the university's course hours were flexible enough to enable teachers to remain at their jobs while furthering their own educations.

Another service offered schools by the department is a free, one-week loan of maps and other display materials for classroom use.

Prof. Clinch said the program at SGWU has "developed out of the needs

of those enrolled in it." It emphasizes human and historical geography from a "Canadian point of view." Most textbooks tend to be American or British, he said. "We like to use Canadian examples."

Prof. Clinch said Montreal itself was an excellent workshop "because of its social and cultural patterns."

He is personally fascinated by southern Ontario which, he said, is virtually untouched in terms of good geo-political studies.

Prof. Clinch's interest in teachers stems, in part, from his being disturbed by the level of geography teaching in the schools. "They're 25 years out of date in Canada," he said. "We have built up this department despite the high school teaching of geography." There is little continuity of geography teaching, Prof. Clinch said, and the subject is often given low rank and offered to pupils of lesser academic ability.

Prof. Clinch is also disturbed by the general public misconception of his subject.

Geography, he said, touches on many specialized academic disciplines, including geology, sociology, history, economics, astronomy, physics and biology.

It bridges the arts and sciences, and relates them, he said. "That's what makes it so fascinating."

One of the department's new staff members is Prof. Michael Marsden, former head of the Montreal office of the Arctic Institute of North America. Prof. Marsden, who has made nine trips to the Arctic, teaches physical geography. He transferred to the university, he said, because it offers an encouraging atmosphere and enables him to pursue some of his own research. He is currently engaged in a post-graduate study of glaciers.

Prof. Marsden said a study of geography offers a unique opportunity for school children in Quebec today. It shows them their environment and its possibilities, he said, and it can relate the many forces shaping the province's development.

Prof. Clinch—who prefers library research to Arctic journeys—first became interested in geography while a history student at the University of Toronto in 1937. He enrolled in one of Canada's first university geography courses, given by Griffith Taylor.

He later did graduate history study at McGill University and, for many years, was a social worker and group organizer for the YMCA in the Montreal area.

He taught "progressive education" for seven years at St. George's School in Westmount and came to the university on a full time basis in 1955.

SGWU FILM SOCIETY SCHEDULE

Mike Katapokulos, President of the SGWU Film Society has been legging all over Montreal, trying to line up some good films for the coming year. He has succeeded in assembling a selection that is varied and imaginative. The films will be screened on Sunday nights at seven p.m. in Birks Hall. As in past years admission will be free.

The next three films on the Society's schedule are: Carol Reed's *The Key*, an interesting psychological study with William Holden, Sophia Loren and Trevor Howard; Eisenstien's *Ivan The Terrible*, Parts I and II on the same night and Jean-Luc Goddard's exciting and influential *A Bout De Souffle (Breathless)* Jean-Paul Belmondo and Jean Seberg head the cast of the latter.

Some of the other films that have been picked are Elia Kazan's On The Waterfront, the 1954 American classic that catapulted Marlon Brando to fame; Fellini's early I Vitteloni, which some consider his best ever, David Miller's excellent western that starred Kirk Douglas, Lonely Are The Brave and another Hitchcock — either Rear Window or Vertigo.

MONEY TALKS

(Continued from page 17)

The financial campaign must be more than examplary by the graduates; it must be completely successful. Our pile of money must indicate volumes of admiration for Henry F. Hall and the university to which he has devoted his life's work.

Does money talk? Of course it does, and certainly not in an offensive manner when it virtually proclaims to all the Alumni's eagerness and willingness to assist Sir George Williams University.

What part are you willing to play in this pile of talking money? The target of \$150,000.00 must be achieved if the full story is to be told. I challenge each of you to do your utmost — now.

ONTARIO STUDIES GRADE 13

Ontario's Minister of Education, the Honourable William Davis has appointed a Grade 13 Study Committee "to inquire into the nature and function of the Grade 13 year in the Ontario educational system". In advertisements run in the province's daily newspapers the Committee has invited interested individuals and organizations to submit comments and suggestions about the year's effectiveness and ways and means of improving it.

WESLEY COBURN HAWKINS SEPTEMBER 23, 1964

To a Fine Georgian

Wes began his studies when the University was known as Sir George Williams College.

His student career was interrupted when in 1940 he joined the Royal Canadian Navy seeing active service and in 1945 being discharged with the Rank of Lieutenant.

Returning to Sir George Williams he completed his studies and graduated in 1949 with the Degree of Bachelor of Commerce.

He was connected with the Shawinigan Chemicals as Sales Representative.

Active in Masonic Circles he was a 32nd Degree Mason and a prominent Shriner.

The Association of Alumni expresses deep sympathy to his wife Audrey and members of the family.

GARNET KEY CHAPTER TO BE CHARTERED

On April 8, 1964, The Alumni Association of Sir George Williams University accepted the constitution of the Garnet Key Chapter. Presentation of the charter will take place shortly, making this new organization the second chartered chapter of the Sir George Williams University Association of Alumni, and the only one that is international in scope.

It was in 1956 that the Garnet Key Society at Sir George Williams was conceived by two fourth year students, Dave Williams and Vic Rogers, but not until 1957 did the first active body of fifteen members take office. The number of Garnet Key members that have held office during the past seven years now exceeds ninety.

The role of this society, as stated in its constitution, is as follows:

"The purpose of this society shall be to provide a welcoming and ushering service for the University and its legally constituted entities; to orientate students to University life; and to provide general assistance to the University and its legally constituted entities if at all feasible and if in the interest of the university."

The Key of 1962 presented the idea of organizing the Society into a formal body, and this motion was readily supported by the majority of the Alumni Key members. The result is that, with aid of the Alumni Association of the University, the Garnet

Key Chapter is presently to receive its charter.

The main aim of the Garnet Key Chapter will be to provide a yearly scholarship covering the cost of one student's tuition for one full year.

The executive of the new Chapter are as follows:

Jack Skene Chairman

John Kierstead Vice chairman

Joanne Fyfe Secretary treasurer

It is the hope of the Garnet Key Chapter that it will quickly become a vital addition to the Association of Alumni of Sir George Williams University.

NOTEBOOK (Continued from page 19)

Born to STEPHEN (4th year arts) and CAROLYN (former Alumni Office Secretary) KUHN, a daughter. Mother and baby doing well, Steve is recovering.

Congratulations and best wishes to Professor and MRS. NEIL COMPTON, a daughter, Victoria, July 31st, 1964.

STANFORD M. VEIRA, B.A. '51, is in charge of the purchasing department of the Board of Education for the city of Stamford, Conn.

Bumped into BRIAN MARLEY-CLARKE, B.Com. '63, who is on his way back to the London School of Economics

after spending the summer back here in Canada — Bon Voyage.

BROCK GRANT, B.A. '64, spent the summer working for Armco Drainage and Metal Products Ltd. and plans to study law at Osgoode Hall in Toronto this Fall.

Our thanks to DONALD BERRINGER, B.A. '44, for representing Principal ROBERT C. RAE at the installation ceremonies at the University of Victoria, B.C.

EDWARD BENNETT, B.A. '62, has accepted a position in the Psychology Department at Yale University to acquire some full-time supervised experience and perhaps find time to work on a Dissertation problem. Best wishes Ed.

Miss MARION A. PRITCHARD, B.A. '61, has been appointed head of the Mathematics Department at Lake of Two Mountains High School. She is also a member of the Provincial Association of Mathematics Teachers, also the National Association.

Bumped into ENID FLEMING, B.A. '61, She is now attending McGill studying towards her M.A. in Sociology. Enid was Editor-in-chief, Garnet 1959, Publications Commissioner 1960-61 and winner of the S.U.S. Major Award. She also informed me that DEL FRENETTE, B.Sc. '60, is now Mrs. Pancura and is living in Pointe Claire.

Congrats to KEN J. TAYLOR on his appointment as regional manager, Montreal, for James E. Coughlin and Associates.

Read quite an interesting story in a local paper about TOM E. SWIFT, B.A. '62, assistant director of admissions at Sir George re his prowess as a composer, singer, pianist, recording artist, etc. Congrats Tom.

ROBERT F. FRITTON, B.A. '64, now working towards a B.Com. is Director of Purchasing and production for Black, Clawson-Kennedy Ltd. Nice talking to you Robert.

Had a most pleasant visit from Dr. J. W. BRIDGES recently. He tells me that CLAIRE ARMSTRONG, B.A. '60, is now in Karachi, Pakistan, visiting her parents and has become very interested in the archeology and anthropology in the Pakistan India Area; also that BOB SALLERY, B.A. '62, is now in Beirut, Lebanon at U.N.R.W.A. Headquarters where he is working and completing his M.A. Programme at the American University of Beirut. He expects to return in '65. Sincere best wishes to both Claire and Bob.

WILLIAM A. CLOUGH, B.Sc. '64, was recently appointed to the Chemical Sales and Technical Service department (Continued on page 25)

PROF. LERMER ON EUROPEAN TOUR

Professor Arthur Lermer, Chairman of the Department of Economics at Sir George Williams University and winner of a Canada Council grant has left for Europe.

He will be studying the Compatibility of Democracy, Initiative of the Private Sector, and Economic Planning. Professor Lermer will review and scrutinize the role and interaction of organized groups in the economic process. He will concentrate some of his research on such groups as trade unions, manufacturers' associations, farmers, scholars.

His first stop will be La Haye in Holland where he will be associated with the Dutch Economic Planning Bureau. He will proceed to Stockholm where he will continue his work with the Department of Economics. In the early part of 1965 he will join the Commissariat de Planification in Paris. Professor Lermer has also received an invitation to conduct a seminar on "Planning" at the University of Padua. In May he will attend the International Research Congress in Berlin.

Professor Lermer is expected back at Sir George Williams University in September of next year. P.O. BOX 370 STATION B MONTREAL

of Clough Chemical Co. Ltd., Bill was Chairman of the "Lay A Brick" for Sir George Campaign of the S.U.S. last Spring. Congratulations.

Received through Dr. Hall, a most welcome and generous contribution to the building fund from MARY POOLE, B.A. '49, who is a missionary in Northern Rhodesia, Africa. Our sincere thanks.

Heard through Principal Robert C. Rae that several Georgians attended the Presentation of Colours, by His Excellency General Georges P. Vanier, D.S.O., M.C., C.D., the Governor General of Canada to The Royal Montreal Regiment in Montreal late in September. Among those present were; Capt. DAVID E. SLESSOR, B.Sc. '62, who was on parade as a member of the Guard and his brother JAMES H. SLESSOR, B.Com. '60.

Our thanks to Rev. ALBERT E. (Bert) KING, for his letter of late July. Bert has moved from Edmonton, Alta., where he was minister of Highlands United Church to Victoria, B.C. He is now Senior Minister of Metropolitan United Church. While in Edmonton Rev. King had been a member of the Board of Governors of Alberta College.

Short but pleasant visit from MRS. DORIS BRIDGMAN (née RYALL), B.A. '59. Doris is living in Pittsburg, at present and is looking after our campaign interests in that area.

We were very sorry to hear of the death of WILLIAM H. SMITH, B.Sc. '46, Mr. Smith lived in Chateauguay, Quebec and was a Pharmaceutical Chemist with Burroughs Wellcome & Co. We extend sincere sympathy to Mrs. Smith and members of the family.

A most welcome visit from WILLIAM EQSTEIN, B.A. '62, B.Com. '62, C.A. He just received his C.A. a few days ago. Thanks for the cheque for the building fund Willie, and congrats on your C.A.

Happy to see an old friend, DAVID McK. BROWN, B.Com. '53, B.A. '55. I hadn't seen him for about ten years, so we had a very good visit. David is now head of the General Information Section of the Department of Industry and the Department of Defense Production, Ottawa. Thanks for dropping in and for the cheque for the campaign.

SGWU NAMES CONTROLLER

Henry Worrell, bursar of Sir George Williams University, has been appointed to the office of controller.

A graduate of Sir George, Mr. Worrell joined the institution's staff as a cashier in 1940. He became assistant bursar in 1943 and was promoted to the position of bursar in 1947.

In making the announcement the principal of the university, Robert C. Rae, said that the change in title in Mr. Worrell's position is meant to indicate that as a senior officer of the institution he will be devoting more time to executive, supervisory and planning matters.

Mr. Worrell is also secretary-treasurer of the Canadian Association of University Business Officers.

SGWU PUCKSTERS PREPARE TO DEFEND CROWN

The University hockey squad, after one of the most successful years in Sir George history, is preparing to defend its 1963-64 OSLAA Championship and national runner-up rating.

With a new look uniform and a new nickname they hope, this year, to advance all the way to the National Intercollegiate title. The team, originally called the "Maroons," have dropped this label in favour of "Georgians" to coincide with the other varsity squads.

Sophomore coach Paul Arsenault is leery to predict a championship but he is planning a more advanced system of development in preparing the new Georgians for an even better record than the last season.

GEORGIANS RECEIVE McGILL C.A. DIPLOMA

John Joseph Bertalanitas, 1958; Terrance Brown, 1962; Amable Cloutier, 1960; Stephen B. Cooper, 1961; Frank A. Donnelly, 1961; William Gertin, 1961; George I. Hirsch, 1962; Joseph George Kass, 1962; Abraham Isaac Kreisman, 1961; Caime Marcovitz, 1961; Miss Joan Elizabeth Nolting, 1961; George Leigh Townsend, 1960; Samuel Wineberg, 1960; Rene Zgraggen, 1962.

DR. HARRY JOHNSON TO SPEAK AT K. E. NORRIS MEMORIAL LECTURE SERIES

The Kenneth E. Norris Memorial Lectures were established in 1961 by the Association of Alumni in conjunction with the Board of Governors, the University Council and Student Societies of Sir George Williams University to honour the name of the late Kenneth Everette Norris, M.A., Ph.D. (1903 to 1957), Principal of Sir George Williams University from 1936 to 1956.

Dr. Harry Gordon Johnson, world renowned economist, will give a three-day lecture series November 30th, December 1st, 2nd. He is Canadian born, and will hold the chair of the London School of Economics beginning two years from now. The lectures series will be conducted in the Salvation Army Citadel, 2085 Drummond Street, at 8:30 P.M.

Former speakers for the K. E. Norris Memorial Series have been Dr. Otto Klineberg who lectured on the "Human Factor in International Relations"; Dr. H. Northrop Frye who lectured on "The Changing Face in Canadian Education"; and the Right Honourable Louis Saint-Laurent on "National Unity of Canada."

BUSINESS SCHOOL DIRECTOR APPOINTED

Sir George Williams University announced recently that Miss Helen D. Byers has been appointed director of the Sir George Williams Business School.

In making the announcement, Principal Robert C. Rae said that Miss Byers was bringing to Sir George a wealth of business experience acquired in almost every country of the world. She speaks English and French fluently and has some knowledge of Spanish and Italian also.

Miss Byers is a graduate of McGill, where she was winner of the Silver Medal awarded by "l'Alliance Française."

She has been associated with the British Embassy, Washington; the Wartime Prices and Trade Board, Montreal; International Civil Aviation Organization, among others.

U of TORONTO ANNUAL CONFERENCE

This year the University of Toronto's Annual Conference will have as its theme "The Changing Face of English Canada." This encompasses a questioning of the political, social, and cultural context of English-speaking Canada.

Panelists at the Conference include such eminent men as the Honorable Maurice Sauvé, Minister of Forestry, Robert Thompson, leader of the Social Credit Party, and Gordon Fairweather, (P.C.) M.P., former Provincial Cabinet Minister, Mr. Tommy Douglas, leader of the N.D.P. and Mr. Gilles Gregoire, Deputy leader of the Creditistes, are also expected to attend.

Some of the topics for the Conference are "The place of the West in Confed-

eration," and "Comments on French-Canadian politicians in Ottawa."

Panel discussions will revolve around such themes as "The Arts in English Canada," and "Are our political parties fostering or impeding National unity?"

The Honorable Pierre Laporte, Quebec Minister of Municipal Affairs, will deliver an address to delegates of the "Prospects for a Unified Canada."

The conference will run from Thursday, October 29 to Sunday, November 1 at the University of Toronto.

YEAR-ROUND OPERATION OF CANADIAN UNIVERSITIES - A PROGRESS REPORT

(from University Affairs - February 1964)

Canadian universities and colleges, faced with steadily increasing costs and enrolment pressures, are, in most cases, reviewing their traditional operating procedures to discover whether some different forms of organization might more effectively handle the increase in student numbers. The idea of operating on a year-round basis is one concept being seriously studied by a large number of institutions.

It appears that there are three distinct stages in a changeover from one calendar system to another. The review stage, the transitional stage, and the operating stage. In the first, the institution considers whether the need for change exists and studies the various types of calendar systems in terms of its particular requirements. Should a decision to change be made, the second stage commences with the introduction of the new calendar and the phasing-out of the old. Stage three is reached when the entire institution is operating under the new system.

75 institutions of higher education in the United States have changed over to year-round operation. There are 20 or more in the transitional phase, including the entire state university systems of New York and California. There are at least as many again at stage one.

In Canada the majority of universities and colleges are at the first, or review stage. To this writer's knowledge, the question of year-round operation is under discussion at Memorial University, Dalhousie, Mount Allison, the University of New Brunswick, Laval, Ottawa and Alberta. Formal committees to study the concept are in operation at McGill, Sir George Williams, Carleton, Queen's, York, Western Ontario and Manitoba.

The University of Saskatchewan and the Graduate School of the University of Toronto have reached the second, or transitional phase. At Saskatchewan the six-week Intersession period, between the end of the second term and the commencement of summer school, has grown so rapidly that a large part of the University is virtually operating on a year-round calendar now. It requires only a formal decision and some relatively minor curriculum adjustments to be made before a third term could be introduced similar in effect to the split-trimester system in operation at Florida State University and the University of Michigan. The University of Toronto entered the second stage last year with the introduction of a year-round calendar system in its Graduate School.

One institution—the University of Waterloo—will shortly enter stage three. The University is presently undertaking to determine whether or not to place the Arts and Science faculty on a work-study year-round calendar similar to that which has been so successful in the Engineering faculty. Early reports indicate that it is entirely feasible and it is likely that the University will adopt this programme in the near future.

English 221 on Montreal Television

THE COURSE

English 221-TV, Introduction to English Literature, will be telecast on CBMT every Saturday and Sunday morning from 9:30 to 10:00 a.m. The lectures will begin September 26 and end April 11. There will be no lectures between December 20 and January 16.

First, the course aims by a detailed examination of the actual texts to reveal their significance, assess their value and lead the student towards independence in interpreting literature and in judging the validity of standard criticism. The process may be compared to the way a chemist analyzes an unknown substance and by so doing understands its nature and qualities.

Second, the texts will be studied as primary documents of their period and as such serve as an orientation to five hundred years of literature. There will be a minimum of vague aesthetic judgements.

It is essential for the viewer to follow the lectures with his own text in front of him. The students who is following the course for credit should use The Norton Anthology of English Literature in order to benefit from its ample notes and the introductions to each period.

Michael Brian, the lecturer in English 221-TV, received his B.A. and M.A. in English Language and Literature from Oxford University where he also studied the methods of research. He taught in London for a year, and has been a private literary secretary in Los Angeles. He is co-author of several plays which have been performed in club theatres in London, he has acted for The Arts Theatre in Singapore, and he is at present writing a novel about education called "The Barbarians." He is particularly averse to I.Q. tests and has criticized them on the C.B.C. Mr. Brian joined the staff of Sir George Williams University in 1962, and is now Assistant Professor in the Department of English.

SGWU Enrolment Likely at 17,000

By Stanley Cohen (from the Montreal Star)

If registration figures for its degreeseeking evening students are an accurate barometer, Sir George Williams University is about to enroll the largest number of students in its 35-year, college-level history.

Evening registration has increased 10 per cent to a new high of 7,048. That, together with the anticipated return of upperclassmen, openings for 1,200 freshmen and estimated registration in its other branches, gives a probable total of 17,000.

Registration officially ended on Sept. 17. Total day enrolment is expected to reach 3,500.

Some 4,000 high school seniors applied for the limited freshman openings. Acceptance was based on an all-day battery of tests given by the university last spring and results of high-school leaving (matriculation) examinations in June.

Architects' drawing of new Sir George Williams University building.

Centre of Learning

THE VISION of the planners and the generous support of contributors have made possible the new Sir George Williams University building on Burnside Avenue, Montreal. Its completion in 1966 will provide a unique campus under one roof for 5,000 day students and 10,000 evening students plus new facilities for advanced studies in their chosen fields.

Perini Quebec Inc., is proud to be chosen as the general contractor responsible for the construction of this important new centre of learning. Proven methods of instruction will ensure that an enduring quality is one of its basic ingredients. The newest techniques of scheduling will be directed at achieving its on-time completion.
